DECISION

In the Statement of Claim filed on 14 January, 1982 and in the Memorandum filed on 15 April, 1982, the Claimants in the above entitled case have requested an interim award of \$2,772,670 which sum represents the amount alleged to be due under certain requisitions for fees submitted to the Respondents. The Claimants base their request upon the ground that there exists no possible defence to this portion of their claim. At this time, there has not been a sufficient showing that interim relief is necessary within the meaning of Article 26 of the Tribunal Rules.

For the above reason, the Tribunal hereby denies the Claimants' request for an interim award.
