TUBULAR GOODS FROM ARGENTINA**

COMMUNICATION FROM THE PANEL

The following communication, dated 14 January 2026, was received from the Chair of the Panel with the request that it be circulated to the Dispute Settlement Body (DSB).

In a communication dated 25 August 2025 (WT/DS617/6), the Panel informed the Dispute Settlement Body (DSB) that, upon a joint request from Argentina and the United States, it had postponed the circulation of the final report in *United States - Anti-Dumping Measure on Oil Country Tubular Goods from Argentina* until 15 October 2025. On 13 October 2025, Argentina and the United States jointly requested that the Panel further postpone the circulation of the final report until 15 January 2026.

On 13 January 2026, Argentina and the United States jointly informed the Panel that they remained engaged in discussions with respect to the resolution of this dispute. In that context, they requested that the Panel further postpone the circulation of the final report until Sunday 15 February 2026.

The circulation of the final report has therefore been postponed until the first WTO working day following Sunday 15 February, i.e. 16 February 2026.

I would be grateful if you would circulate this letter to the DSB.
